

You Build Great Futures

Our Insurance is Built to Amplify That Work

As a Club, you provide a critical service to your community. You give youth a safe place to go. You create opportunities for them to connect. And you feed their minds as they grow into the leaders of the future.

That work takes time. And it takes dedication. Our mission-driven model of insurance is designed to make sure that you can focus on what matters most. That's why we offer:

- Coverage that's uniquely tailored to the needs of Clubs
- Access to Club-specialized safety experts and resources
- 24/7 claims response, with in-person support for severe claims

Since 2015, we've grown to insure more than 100 Clubs across the country. And through the relationships we've built, we are optimizing our products and practices to ensure that they support your work, and protect the community you serve.

Coverages Available

“Relationships are really important to me and they always have been. Redwoods’ team gets where I am coming from. The relationship is focused on solutions that support the organization’s strategic priorities. They really asked thoughtful questions, and they heard my answers. And the site visit with a Redwoods Consultant was transformative for us. It felt like we had made a friend.”
