

We Have Your Back

Camp-focused insurance in a difficult environment.

From expanded statutes of limitation around abuse to the growing threat of wildfires and hurricanes, camps are facing challenges on multiple fronts. Redwoods was built to help you overcome those challenges.

Our model is simple. We learn exactly how campers are harmed, then we develop practical tools to keep them safe:

- **Direct access to an expert team:** You'll have direct access to a dedicated, safety-focused team that speaks your language.
- **Immediate response, even overnight:** If a major crisis hits, we'll be there by your side within 24 hours—before a law suit, and before a hospital bill.
- **Comprehensive, camp-focused coverage:** Including General Liability, Property, Auto, Workers' Compensation, and Directors & Officers.
- **Free, unlimited online trainings:** Our online training platform features nearly 100 courses, many of which were custom made for camps.

Like you, when we are at our best, we **Love, Serve** and **Transform** the communities in which we work. We stand ready to support you in pursuit of your mission.

Coverage Available:

General Liability – Property - Auto - Workers' Compensation - Directors & Officers

Love.
Serve.
Transform.
